

**[20 Ill. Comp. Stat. § 1705/7.]**

§ 1705/7. Care and treatment: Mental Health and Developmental Disabilities  
Administrative Act

To receive and provide the highest possible quality of humane and rehabilitative care and treatment to all persons admitted or committed or transferred in accordance with law to the facilities, divisions, programs, and services under the jurisdiction of the Department. No resident of another state shall be received or retained to the exclusion of any resident of this State. No resident of another state shall be received or retained to the exclusion of any resident of this State. All recipients of 17 years of age and under in residence in a Department facility other than a facility for the care of persons with intellectual disabilities shall be housed in quarters separated from older recipients except for: (a) recipients who are placed in medical-surgical units because of physical illness; and (b) recipients between 13 and 18 years of age who need temporary security measures.

All recipients in a Department facility shall be given a dental examination by a licensed dentist or registered dental hygienist at least once every 18 months and shall be assigned to a dentist for such dental care and treatment as is necessary.

All medications administered to recipients shall be administered only by those persons who are legally qualified to do so by the laws of the State of Illinois. Medication shall not be prescribed until a physical and mental examination of the recipient has been completed. If, in the clinical judgment of a physician, it is necessary to administer medication to a recipient before the completion of the physical and mental examination, he may prescribe such medication but he must file a report with the facility director setting forth the reasons for prescribing such medication within 24 hours of the prescription. A copy of the report shall be part of the recipient's record.

No later than January 1, 2005, the Department shall adopt a model protocol and forms for recording all patient diagnosis, care, and treatment at each State-operated facility for the mentally ill and for persons with developmental disabilities under the jurisdiction of the Department. The model protocol and forms shall be used by each facility unless the Department determines that equivalent alternatives justify an exemption.

Every facility under the jurisdiction of the Department shall maintain a copy of each report of suspected abuse or neglect of the patient. Copies of those reports shall be made available to the State Auditor General in connection with his biennial program audit of the facility as required by Section 3-2 of the Illinois State Auditing Act.

No later than January 1 2004, the Department shall report to the Governor and the General Assembly whether each State-operated facility for the mentally ill and for persons with developmental disabilities under the jurisdiction of the Department and all services provided in those facilities comply with all of the applicable standards adopted by the Social Security Administration under Subchapter XVIII (Medicare) of the Social Security Act (42 U.S.C. 1395-1395ccc), if the facility and services may be eligible for federal financial participation under that federal law. For those facilities that do comply, the report shall indicate what actions

need to be taken to ensure continued compliance. For those facilities that do not comply, the report shall indicate what actions need to be taken to bring each facility into compliance.
