

[215 Ill. Comp. Stat. § 130/4004.]

§ 130/4004. Examination of affairs and quality of services by the Director; books and records: Limited Health Service Organization Act

(a) The Director shall have, with respect to limited health service organizations, the powers of examination conferred upon him pursuant to Sections 132 through 132.7 of the Illinois Insurance Code. The Director shall make an examination concerning the quality of limited health services of any limited health service organization and providers with whom the organization has contracts, agreements, or other arrangements pursuant to its limited health care plan as often as he deems it necessary for the protection of the interests of the people of this State. The cost of any examination shall be paid by the limited health service organization being examined.

(b) Every limited health service organization and provider shall submit its books and records relating to the limited health care plan to examination and in every way facilitate it. For the purpose of examination, the Director may administer an oath to and examine the officers, agents, employees, and producers of the limited health service organization and the principals of providers concerning their business.
