§ 9902. Delaware Health Care Commission: Delaware Health Care Commission

(a)(1) There is hereby established the Delaware Health Care Commission, hereinafter in this chapter referred to as the Commission. Said Commission shall consist of 11 members, 5 of whom shall be appointed by the Governor, 1 of whom shall be appointed by the President Pro Tempore of the State Senate and 1 of whom shall be appointed by the Speaker of the House of Representatives. Of the 5 members appointed by the Governor, at least 1 member shall be a resident of each county. The Insurance Commissioner, the Secretary of Finance, the Secretary of Health and Social Services, and the Secretary of Services for Children, Youth and Their Families or their designees shall serve as ex officio members of the Commission.

(2) The Governor shall designate 1 member of the Commission to be Chairperson who shall serve at the pleasure of the Governor. The terms of the remaining 6 appointed members shall be for 4 years except that the initial term of each may be for a lesser period. Any vacancy shall be filled by the Governor for the balance of the unexpired term. A member of the Commission shall be eligible for reappointment. No more than 3 of the Commission members appointed by the Governor shall be of the same political party.

(b) The Commission is constituted an independent public instrumentality and may call upon the Delaware Health Information Network and/or any state agency for any assistance, information or data that may be necessary to carry out the purposes for which it had been established. For administrative and budgetary purposes only, the Commission shall be placed within the Department of Health and Social Services, Office of the Secretary.

(c) The Commission is authorized to reimburse Commission members for mileage associated with Commission responsibilities.

§ 9903. Duties and authority of the Commission: Delaware Health Care Commission

(a) The Commission shall have the authority to hire staff, contract for consulting services, conduct any technical and/or actuarial studies which it deems to be necessary to support its work, and to publish reports as required in order to accomplish its purposes in accordance with the provisions of this chapter.

(b) As relates to the pilot health access projects, the Commission is expressly authorized to develop such programs in consultation with the appropriate public and private entities; to assign implementation to the appropriate state agency; to monitor and oversee program progress and to ensure that each pilot program is evaluated by an outside, independent evaluator after no more than 2 years of operations.

(c) The Commission shall be responsible for the administration of the Delaware Institute of Medical Education and Research (DIMER), which shall serve as an advisory board to the Commission, and the Chair of the Health Care Commission shall appoint the Chair of DIMER. The Commission shall have such other duties and
authorities with respect to DIMER which are necessary to carry out the intent of the General Assembly as expressed in this chapter.

(d) The Commission shall be responsible for the administration of the Delaware Institute for Dental Education and Research (DIDER), which shall serve as an advisory board to the Commission. The Commission shall have such other duties and authorities with respect to DIDER which are necessary to carry out the intent of the General Assembly as expressed in this chapter.

(e) Other functions which the Commission may undertake include:

(1) Serve as the policy body to advise the Governor and General Assembly on strategies to promoting affordable quality health care to all Delawareans and assuring policies are in place to maintain an optimal health-care environment. Analyze all aspects of the health-care landscape, including, but not limited to, population and health outcomes, service delivery infrastructure, quality, costs, accessibility, utilization, insurance coverage and financing;

(2) Convene, as necessary, public and private stakeholders to identify, analyze and address health policy issues and build consensus around workable solutions. Serve as the coordinating entity between the public and private sectors to implement emerging health initiatives at the federal, state and local levels;

(3) Function in such a way that fosters creative thinking and problem solving across state agency lines and across the public and private sectors;

(4) Ensure that data to support the activities of the Commission are available and accessible;

(5) Monitor cost trends in order to recommend methods to reduce and control health-care costs for public programs and in conjunction with the private sector;

(6) Coordinate efforts with the Health Resources Board and any other entities the Commission identifies as essential to carry out its mission;

(7) Review and recommend changes to state health insurance laws and regulations (in conjunction with the Insurance Commissioner) to promote efficiency, equity and affordability in health insurance premiums;

(8) Coordinate and collaborate with the Delaware Health Information Network [DHIN] to assure that the use of health information technology and health information exchange results in cost effective, quality health care for all Delawareans. Consult with DHIN Board of Directors and staff on implementation of health information technology in Delaware and call upon the DHIN to assist in conducting pilot programs, providing technical support, capabilities and expertise, and/or conducting research necessary to achieve the Commission's mission;

(9) Oversee efforts to assure that Delaware has an adequate supply and distribution of health-care professionals to provide quality care to all Delawareans in consultation with DIMER, DIDER and other institutions, bodies or agencies as necessary;
(10) Monitor access to health-care programs and make recommendations for changes where necessary; and

(11) Conduct other activities it considers necessary to carry out the intent of the General Assembly as expressed in this chapter.

(f) The Commission must collaborate with the Primary Care Reform Collaborative to develop annual recommendations that will strengthen the primary care system in Delaware. The scope of the recommendations must include all of the following:

(1) Payment reform.

(2) Value-based care.

(3) Workforce and recruitment.

(4) Directing resources to support and expand primary care access.

(5) Increasing integrated care, including for women's and behavioral health.

(6) Evaluation of system-wide investments into primary care, using claims data obtained from the Delaware Health Care Claims Database.

§ 9904. Reporting requirements: Delaware Health Care Commission

(b) On or before January 15, 1991, and on or before every January 15 thereafter, the Commission shall report to the Governor and the General Assembly on the status of all of the Task Force recommendations. The comprehensive report shall identify any segments of the population which remain without access to health care and any further recommendations deemed necessary to meet the Commission's charge.

§ 9904A. Primary Care Reform Collaborative: Delaware Health Care Commission

(a) The Commission shall convene a Primary Care Reform Collaborative ("Collaborative") to assist with the development of recommendations to strengthen the primary care system in this State. The Collaborative may collect and accept advice and input from stakeholders, including the Delaware health-care and patient community.
(b) The Collaborative is comprised of the following members, or a designee appointed by the member:

(1) The Commission Chairperson.

(2) The Chair of the Senate Health, Children & Social Services Committee.

(3) The Chair of the House Health & Human Development Committee.

(c) The Commission may also require the submission of written reports by any health insurer, as defined in § 4004 of Title 18, to the extent permitted under federal law, and any hospital or acute health-care facility licensed under § 1001 of this title, regarding all of the following matters:

(1) The hospital's, acute health-care facility's, or health insurer's progress in adopting and implementing value-based payment models during the fiscal year immediately preceding the annual reporting deadline and the overall progress of the reporting entity on having at least 60% of Delawareans attributed to meaningful value-based payment models by 2021.

(2) The hospital's, acute health-care facility's, or health insurer's efforts to support primary care access and primary care practitioners in the State, including financial, operational, and other support, in conjunction with the adoption of meaningful value-based payment models.
