§ 2318. Care by advanced practice nurses: Unfair Trade Practices Act

No health insurer, health service corporation or health maintenance organization shall deny benefits for eligible services when the services are rendered or performed by an advanced practice nurse as long as said advanced practice nurse acts within the scope of practice and/or definitions pursuant to Title 24. Any contract of insurance issued or issued for delivery in this State by health insurers, health service corporations or health maintenance organizations shall not exclude advanced practice nurses as providers of services covered in the contract.
