§ 38.061. Communication with Primary Care Physician: Health and Safety

(a) If a person receiving a medical service from a school-based health center has a primary care physician, the staff of the center shall provide notice of the service the person received to the primary care physician in order to allow the physician to maintain a complete medical history of the person.

(b) The staff of a school-based health center shall, before delivering a medical service to a person with a primary care physician under the state Medicaid program, a state children's health plan program, or a private health insurance or health benefit plan, notify the physician for the purpose of sharing medical information and obtaining authorization for delivering the medical service.
